

Student Supply List For 8th–12th Grade Science Classes and AP[®] Calculus

In addition to the following, students might need to obtain additional materials for specific projects during the school year. Every effort will be made to advise students and parents well in advance of when the materials are needed.

All Classes Will Require

- 1 ½” Loose Leaf Notebook – labeled on front and spine with name of class
- College Ruled Filler Paper (at least one pack of 250 or more)
- 3 Pens, dark *blue or black only, no gel pens*
- Ruler, 12”, **metal**, must have metric scale. Metal is required because it resists breaking, provides a cleaner edge and more accurate measurement.
- 1 Brown Paper Bag or heavy paper for textbook cover, no cloth/stretchy covers allowed – stuff penetrates them too easily and textbook can’t be labeled easily
- Tabbed Notebook Dividers, pack of 5 (**optional**)

Physics, Chemistry, Biology, AP Biology and AP Physics

These courses require the purchase of a lab notebook. These notebooks are only available from Mr. Richens. Cost is \$7.00–cash or check made out to CFS. Must be purchased before or on Friday, August 20. Students who have room left in their lab notebook from last year may continue to use it this year but will be required to purchase another when the original is consumed. Only labs entered into the lab notebook will be accepted for grading.

CLASS SPECIFIC SUPPLIES

Earth Science–Grade 8

- Colored Pencils (8 to 12 colors)

Physics–Grade 9

- **TI30-Xa** Scientific Calculator

Chemistry–Grade 10

- **TI30-Xa** Scientific Calculator
- 3x5 Cards (2 packs of 100)

Biology–Grade 11

- Colored Pencils (8 or 12 colors)

AP[®] Biology–Grade 11

- Colored Pencils (8 to 12 colors)
- Scientific Calculator

AP[®] Calculus AB–Grades 11 and 12

- Graphing Calculator (TI83 Plus or TI84 Plus)

AP[®] Physics B–Grades 10, 11 and 12

- Scientific or Graphing Calculator
